

Rubicon Workflow Solutions - Snow Leopard Upgrade Offer

STEP ONE	Call us on 0118 988 8780 and ask to speak with Jeremy or Ian. We'll go through your requirements, get all the information needed to advise you if you can run Snow Leopard. If you prefer we can come to you to get all the information - just ask.
STEP TWO	Based on the information we collate / you provide we will put together a quote detailing all the items individually that you require. This way you know exactly what your looking at cost wise.
STEP THREE	Once we receive your order Claire our Service Administrator will contact you and arrange a date / time for one of our Apple qualified engineers to perform the install.
STEP FOUR	You enjoy the stability, speed and features of Snow Leopard! Go to www.apple.com/uk/macosx for more information.
STEP FIVE	Should you have any problems following the install please remember you get 14 days telephone and remote support. After that you still get our complimentary support so you're never be alone.
